PROMOTING THE GLOBAL SCIENCE AND ENGINEERING PROFESSIONS CONCERNED WITH MINERALS, METALS AND MATERIALS

Selection of a topic for the 2015 *JOM* Technical Emphasis Calendar should be an agenda item at your committee's meeting in San Diego, California. The *JOM* advisor should submit the topic to the journal's editorial headquarters not later than March 31, 2014. In general, the topic should focus on something that is of timely interest to the committee and that will attract enough papers to fill approximately 30–45 pages of the journal. (The advisor's primary responsibility is to solicit and review papers for the topic selected by the committee.) If you have a question on this process or scheduling concerns, please contact Shirley A. Litzinger (litzinger@tms.org; 724.814-3136). This form can also be completed and submitted online at <http://www.tms.org/pubs/journals/JOM/advisors/topic.html>.

Topic Selection for the 2015 *JOM* Technical Emphasis Calendar
