TITLE	CITATION	WEBLINK	DESCRIPTION
Magnesium Elektron	<i>Corporate Website</i>	[Launch Site]	Magnesium Elektron is a dedicated service organisation specialising in the development, manufacture and supply of magnesium products and services to technology industries worldwide. This site not only provides an overview of corporate products and services, but also offers general information on magnesium, its production and applications.
Hydro Magnesium	<i>Corporate Website</i>	[Launch Site]	Hydro Magnesium is a provider of solutions to the magnesium industry and a large producer of magnesium products. This site provides a comprehensive corporate overview, as well as updates on related magnesium research and development. The "services" section of the site offers a publication area containing conference paper abstracts, "Die Caster Bulletins" which are technical publications dedicated to a particular magnesium issue, and a number of informational brochures on such topics as safety and corrosion.
