

ALUMINUM CAST SHOP

Science and Technology Course

May 6-10, 2019

The Stanley Hotel • Athens, Greece

Reduce costs while producing high-quality products.
The TMS Aluminum Cast Shop Science and Technology Course
(Cast Shop 19) will provide you with:

- **A deep understanding of process technology to improve performance** in this unique, immersive course focused exclusively on cast shop and targeted toward operations
- **Access to leading experts in the field** who share techniques that work, based on their extensive experience
- **Small group sessions, networking activities, and a tour** of the Aluminium of Greece plant

Cast Shop 19 will cover the science and technology of key cast shop processes for primary and secondary aluminum smelters.

For a detailed list of topics to be covered during this course, visit www.tms.org/CastShop19.

Cast Shop 19 is a TMS Aluminum Course, sponsored by the TMS Aluminum Committee of the Light Metals Division.
