

SUBMIT AN ABSTRACT FOR THE FOLLOWING TMS2025 SYMPOSIUM:

SCANDIUM

Scandium Extraction and Use in Aluminum Alloys Supplier Forum

Join your colleagues and suppliers to the alloys industry at this special supplier forum at the TMS 2025 Annual Meeting & Exhibition.

This session will provide an opportunity for suppliers of scandium and scandium-containing alloys to present their current technologies and offerings.

Areas to be covered include:

- Scandium extraction from ore and by-products
- Scandium-containing aluminum alloys
- Scandium-containing alloys for additive manufacture.
- Master alloy production.

Who will participate: This call for presentations is addressed to suppliers of scandium compounds (oxide and fluoride), scandium metal, and scandium-containing alloys and companies with technologies that can be used to produce scandium and scandium alloys.

How you can participate: Submit a title and abstract (150 words or less) for your presentation via the TMS2025 website. Note that manuscripts are not required, but Supplier Forum presenters are expected to provide their presentation slides or PDF to be shared with attendees.
